

This will be Ashlie's second year as a head coach for WinMan Volleyball Club. Ashlie is an alumnus from this club and cannot wait to share experiences and knowledge with the team in this upcoming season that she has gained from these passed years. She is looking forward to improving not only the skill development of every athlete, but as well as personal development and connections with athletes.

Ashlie is a current 4<sup>th</sup> year Kinesiology student at the University at Winnipeg.

Ashlie is a fully certified level 1 NCCP volleyball coach.

Ashlie has completed three seasons coaching John Henderson Junior High grade 7/8 girls since 2012.

Ashlie has played and has fallen in love with volleyball since she was ten years old (that's a long time ago), thanks to her coaches who helped her develop her volleyball skills, as well as skills and lessons that she uses in everyday life.

*"Believe in yourself! Have faith in your abilities! Without a humble but reasonable confidence in your own powers you cannot be successful or happy." –Norman Vincent Peale*
