

Agnessa (Nessa) Greenhalgh

Nessa is currently a full-time student at the University of Manitoba studying Sociology and Psychology.

She started playing volleyball at the age of 12 years old and found her way to club volleyball shortly after. She was a member of the 2018-2019 College Jeanne-Sauve varsity girls volleyball team that won the AAAA MHSAA Provincial Championships. The year after, she was selected to the U17 girls Winman Volleyball team and was nominated co-captain. Unfortunately, this was short-lived as the COVID-19 pandemic hit. Losing her last two years of eligibility to the pandemic was devastating. Nevertheless, she continues to be an active member in the volleyball community through coaching, assisting multiple teams at both the school and club level.

Volleyball has given her many unforgettable experiences and friendships that will last a lifetime. Nessa is thrilled to work alongside the many amazing coaches within the club, and to have a positive impact on the next generation of talented young athletes.

This season she will be coaching the U15 girls next to head-coach Mark, and her former teammate Kira.
