

Marty Grubert

Marty is a veteran teacher and coach, he received his Bachelor of Physical Education and Bachelor of Education from the University of Manitoba and is currently teaching at River East Collegiate. He has been coaching for 30 years, at both the Junior High and High School level, with a little bit of club volleyball mixed in. He has coached a variety of sports, from volleyball and basketball to hockey, curling and golf. Throughout those years he has won countless tournaments and league championships and his teams have represented their school in several Provincial Championships.

Marty is looking forward to using his vast knowledge of basic movement principles to help these young athletes develop to their full potential as volleyball players and also become valued members of a team.

This is Marty's first season coaching with WinMan and can't wait to get started!
