

[Agnessa Greenhalgh](#)

Nessa is a full-time student at the University of Manitoba studying Sociology and Psychology.

She started playing volleyball at the age of 12 years old and found her way to club volleyball shortly after. She was a member of the 2018-2019 College Jeanne-Sauvé varsity girls volleyball team that won the AAAA MHSAA Provincial Championships. The year after, she was selected to the U17 girls WinMan team where she was nominated co-captain. Unfortunately, this was short-lived as the COVID-19 pandemic hit. Nevertheless, she continues to be an active member in the volleyball community through coaching.

Volleyball has given her many unforgettable experiences and friendships that will last a lifetime. Nessa is thrilled to work alongside the many amazing coaches, and to have a positive impact on the next generation of talented young athletes.

This season will be Nessa's second season coaching with WinMan, but her first as head coach. She is excited to learn and grow along this exciting new process.
