

Cam Johnson

Cam is a teacher current principal at École St.Germain in St.Vital. He is a dedicated sports enthusiast with his roots firmly planted in education. He began his career as a teacher at Collège Jeanne-Sauvé and is a former administrator at the same school. This experience allowed him to understand the importance of discipline, teamwork, and leadership; qualities that also define his perspective on coaching.

Cam's journey in sports started as a student-athlete at Collège Jeanne-Sauvé and then at the University of Winnipeg, where he was a member of a national championship-winning team. His passion for the game also led him to represent Team Manitoba at the Western Canada and Canada Summer Games.

After many years spent as an athlete in a gym, on a rink or on a field, he transitioned to the role of coach where he has had the good fortune of working with a wide range of athletes who have taught him as much or more than he has taught them! Cam guided the CJS Varsity Boys Olympiens to back-to-back AAAA provincial championships. His coaching experiences extended to the national stage as he coached Team Manitoba at the Western Canada Summer Games and Canada Summer Games, contributing to the development of young athletes on a larger scale. His coaching journey also included stints as an assistant coach at the University of Winnipeg, a guest coach with Team Canada when they were based in Winnipeg and as interim head coach at the University of Manitoba.

Cam is particularly interested in helping athletes achieve their goals by building on the joy and passion they have for their sport and by developing a mindset that will lead to mental toughness, engagement in their development, and re-definition of their own potential.
