

Agnessa Greenhalgh

Nessa started playing volleyball at the age of 12 and quickly found her way to club volleyball. She was a member of the 2018-2019 Collège Jeanne-Sauvé (CJS) varsity girls volleyball team that won the SCAC Division Championship and the AAAA MHSAA Provincial Championship. The following school season, Nessa and the CJS varsity girls team won the SCAC Division Championship once again. Soon after, she was selected to the U17 girls WinMan Volleyball team where she was nominated co-captain. Unfortunately, her time as a WinMan athlete was short-lived as the COVID-19 pandemic hit. Nevertheless, she continues to be an active member in the volleyball community now as a WinMan coach as well as competing in the Winnipeg Women's Volleyball League.

This fall, Nessa returned to CJS, this time as head coach of the grade 9 girls volleyball team alongside former high school teammates.

Nessa is thrilled to continue to work with the amazing coaches and mentors at WinMan, to continue to learn and grow as a coach, and most importantly to have a positive impact on the next generation of talented young athletes.

Outside of volleyball, Nessa is a full-time student at the University of Manitoba studying Sociology and Psychology.

"Practice creates confidence. Confidence empowers you." - Simone Biles
