

Daria Pidsadny

This will be Daria's second year coaching with WinMan. She was previously assistant coach for the 14U girls Titans team during the 2024 club season and is now looking forward to continuing with the 15U girls. This fall, she had the opportunity to assistant coach the Grade 9 girls' team at College Jeanne-Sauvé alongside her previous teammates.

Daria played both school and club volleyball throughout high school and continues to play whenever she can. She was a member of the 2019-2020 CJS varsity volleyball team that won the SCAC Division Championships. Currently in her fourth year at the University of Manitoba, she is studying Statistics while remaining an active member of the volleyball community through coaching.

Eager to help athletes develop their skills, Daria is excited to learn and grow as a coach as well as and share her passion for the sport with the young generation of players.
