I believe that young woman should be empowered to be competitive and want to win. In life, you have to be ready to compete and go after what you want. Success comes from hard work, discipline and a desire to be your best on and off the court. I believe sport teaches many life lessons and it is my responsibility to give my athletes the tools to be successful. I look forward to working with athletes who are ready for the challenge of work hard and are prepared to compete at high level while enjoying the game we all love, volleyball.”

"There will be obstacles. There will be doubters. There will be mistakes. But with hard work, there are no limits."
