

Warren Giles

Warren's journey in the volleyball world began in 1996 after watching and being inspired by the Canadian Women's Volleyball team competition in the Atlanta Olympics. As a player, he was fortunate enough to be a part of 5 Club Provincial Championships, an MHSAA AAAA High School Provincial Championship, a 3-time Manitoba Provincial Team member, and 2 medals at Tier 1 National Championships.

After his playing career was finished, Warren made the transition to coaching and attained full level 2 NCCP certification. He's had the opportunity to coach at most age groups and levels, including grade 7 to AAAA varsity girls high school, and every age category of club volleyball from 14U to 18U. He's had the honor of leading Manitoba Provincial Teams and serving as the women's head coach at Red River College. Coaching highlights have included a gold and a silver at the Western Elite Championships (Manitoba Provincial Team), a provincial club championship, several Tier 1 National Championship semi-final and quarter-final appearances, and MCAC college conference finalists. In 2008, he received the Manitoba Volleyball Association Developmental Coach of the Year award.

Warren is excited to coach with WinMan Volleyball Club in this upcoming season.
